

PORTLAND CANDIDATE FOOD FORUM

WEDNESDAY OCTOBER 23

The Portland Food Council is to host a Portland Candidate Food Forum at the University of Southern Maine.

During this question and answer styled forum Portland's Mayoral candidates will be asked questions regarding food security, food-based business development, and Portland's working waterfront by members of the Portland Food Council. This is a non-partisan event designed to provide more information from candidates to voters, and all are welcome.

"The Portland Food Council and its community partners are thrilled to provide an opportunity for community members to learn more about the mayoral candidate's positions on important issues related to the greater Portland food system."

-Sandy Gilbreath, interim board chair of the Portland Food Council.

This event is sponsored by
The University of Southern Maine Food Studies Program
